Thank you for the opportunity to serve as the 2018-19 MASS President. I am appreciative of the trust you've placed in me this year to help lead this great group of superintendents! I am very excited to work with all of you and, in particular, the outstanding staff we have at the S.A.M office. I have worked in several states and can say with complete sincerity, Montana has the best advocates for administrators and public schools working for us in the S.A.M office, as well as, tremendous professional development. The goal is to make sure that each of you receives information that will help you be successful and knowledgeable in your superintendent position. If you are new to your position, seasoned, or somewhere in between, it is important that you connect with colleagues and the S.A.M organization is a great way to do that.

This will be an interesting year with school safety and budgets at the forefront of not only our minds, but the legislators too. This is a legislative year which makes it even more important to keep up on the latest bills relating to education. SAM does a great job both advocating for public schools and keeping us informed of the current developments within the legislature.

I want to thank Tobin for doing such a great job as president last year. I have been fortunate to have been able to learn such a great deal by watching him, and others, lead before me. I am blessed to work in the great state of Montana, in the beautiful Flathead Valley, and honored to have wonderful colleagues to work with.

Moving forward, we have a great deal of work to do this year, especially as we navigate the extremely tumultuous national environment we live in. Whether it’s privatization, vouchers, charter schools, etc, public schools are still by far the best bang for the buck in education.

Be proud of what you do every day to make Montana public schools great and don’t forget to take care of yourselves along the way, too!

All the best to each of you in the 2018-19 school year!

Cal Ketchum, MASS President

**SAM Strategic Plan Guides Great Progress!**

*by Kirk Miller, SAM Executive Director*

2017-18 has been a remarkable year for your professional association, SAM, with great guidance from our strategic plan! The details of all areas of progress on the strategic plan can be found by reviewing the [SAM Strategic Plan 2017-18 4th Quarter Update](#).

---

**Montana Schools Recruitment Project - An Inexpensive Alternative to Finding Your Special Education Personnel Needs**

*by Pat Audet, SAM Associate Director*
The goals of the SAM strategic plan in simplest form reveal this progress...

**Professionalism, Integrity and Leadership** – our members making sure they have a voice in literally every education issue in our state and nation that impacts our children. Efforts from suicide prevention, ESSA implementation, school safety, broadband initiatives, website accessibility, recruitment and retention of quality educators, preschool, afterschool alliance, and farm to school, to negotiated rule making committees, variance to standards committee, and subject area review teams. Montana administrators are engaged and involved – thanks!

- **Professional Learning** – establishing rich opportunities for administrators to learn, network and grow in continuous education improvement. Ten+ conference opportunities and a very strong personalized professional learning program, the SAM LPLP, are highlights of the professional learning positively impacting Montana administrators’ ability to serve with integrity and resolve to meet the needs of the children served. In this Bulletin, you will find information about the SAM Administrators Institute 2018 (July 30-August 1) and the SAM LPLP 2018-19, carried forward to next year as outstanding professional learning opportunities for Montana administrators.

- **Advocacy** – our members working together collectively to advocate for the education of our children – including human resources, time resources, and fiscal resources – all necessary to continue improving the fine public school system we have worked so hard to establish in our state. 

For the past 4 years, I’ve had the opportunity to work with the Montana Schools Recruitment Project and personally observe what this program can do in helping a cooperative or school district hire the hard-to-fill positions as those of special education teachers and specialists. The Project was created by the membership of the Montana Council of Administrators of Special Education or better known as MCASE – an affiliate of the School Administrators of Montana. A committee was formed to plan, strategize and execute recruiting processes that would draw special education personnel to Montana’s schools and cooperatives.

Lori Ruffier along with her assistant, Kaitlin Sonderer (summer program) are contracted annually to provide excellent assistance to your school or coop (when you register for the Montana Schools Recruitment Project) by posting your organization’s special education positions, going out to the field through career fairs and national conferences, and helping to create a candidate pool directly interacting with those candidates, marketing your job opening(s) in a high-octane effort.

It should be duly noted that this project could not get off the ground if not for the support of MCASE and the generous assistance from the Office of Public Instruction’s Special Education Division!

For more information about the Montana Schools Recruitment Project, you can go to MCASE Recruitment Enrollment Project Description. Please look for the informational email that will soon launch the program for 2018-19!

If you have a special education job opening or anticipate a position opening within your school or coop, you can initially register for the program by going to the 2018-19 MCASE Recruitment ENROLLMENT Online Form. It should be noted that
Assembly 2018 in June established SAM’s advocacy priorities for the upcoming 2019 legislative session and the constant federal issues that impact the education of our children. In this Bulletin, you can review the recommendations of Delegate Assembly 2018 to be considered by the SAM membership at the annual SAM Business Meeting at MCEL on October 19 in Missoula.

As we plan for the 2018-19 school year, a wealth of opportunities are being established for our members’ professional learning and advocacy while practicing professionalism, integrity, and leadership. In addition to the SAM Administrators Institute 2018 (July 30-August 1) and the SAM LPLP 2018-19

I bring to your attention an opportunity established by MT-PEC to develop your governance team by joining with other Montana school districts in the MT-PEC Strategic Governance/Transformational Leadership training. SAM has been integral in helping to establish this cooperative professional learning opportunity for our school districts to increase internal and external trust and improve governance, leadership and education in your district.

The SAM Board of Directors are in the process of reviewing and updating this robust SAM strategic plan. Thanks to all of our members for your contributions to our profession through your dedicated service to educating Montana’s children!

For positions that you will need filled, there is a separate form that you will need to complete by going to the 2018-19 MCASE Recruitment Project POSITIONS Online Form. Special education positions will be posted on the Employment Opportunities web page of the SAM Website.

Please visit the Montana Schools Recruitment Project web pages on the SAM website by clicking the MCASE Recruitment Project and MCASE Recruitment Project - Administrator Information Page.

MT-PEC Summit: Strategic Governance/Transformational Leadership

The organizations partnering in the Montana Public Education Center (MT-PEC) -- MASBO, MFPE, MQEC, MREA, MTSBA, and SAM -- have created an opportunity for our members to experience an exclusive fee-free training opportunity to improve trust, governance, and leadership in Montana’s public schools! We are looking for an initial group of enthusiastic, innovative and dedicated leadership teams from up to 20 school districts who are interested in increasing internal and external trust, and improving governance, leadership and education in your district, built on a model of collaboration that has strengthened the
Recommendations

The results of the great work of 41 delegates, assembled for SAM Delegate Assembly 2018 (SAM DA 18) on June 14-15, have been compiled, organized and prepared for review of the SAM membership. First, I want to thank the Delegates who participated in the very engaging and important discussions that happened at SAM DA 18. Your work in advocacy is so important to help create priorities for the upcoming legislative session. Complete information about the SAM DA 18 can be found on the SAM Delegate Assembly webpage. SAM DA 2018 Business Meeting Recommendations 10-19-18 is the document outlining SAM Advocacy Priorities by Action Designation, Summary of SAM DA Actions, DRAFT DA Minutes, Positions, and Resolutions adopted by the SAM DA 18. The recommendations created will be considered by the entire SAM membership at the annual SAM Business Meeting on October 19 at MCEL in Missoula at the Hilton Garden Inn, Grant Creek B room. We hope you will attend this meeting and take action on SAM's advocacy priorities, positions and resolutions!

SAM Welcomes Montana Med Express as New Business Partner

Montana Med Express is a distributor for Primary Product, AEDs and accessories for Philips and HeartSine defibrillator products, Secondary, Bleed Control Kits, and First Aid Kits. Montana Med Express products will give an individual the ability to save the life of a student, teacher, or a visitor at a school event. SAM members will receive special pricing and the benefit of the attention and service from a local vendor.
