

U.S. EPA Region 8

Presents

Reducing Lead in Schools: A Webinar Series

EPA Region 8 is committed to partnering with schools and childcare facilities across our Region to reduce childhood lead exposure. As such, Region 8 is presenting three webinars on the topic of lead in schools. These webinars are designed to give school decision makers (administrators, environmental coordinators, and facility managers) the tools to identify and mitigate sources of lead in schools.

<u>Webinar 1</u>	<u>Webinar 2</u>	<u>Webinar 3</u>
<p>Title: Why is Lead a Concern?</p> <p>Description: Overview; health effects of lead; sources of lead in the environment (including drinking water, lead in paint and dust)</p> <p>Date: 3/19/2019</p> <p>Time: 2:00 to 3:30 PM, MST</p>	<p>Title: Testing School Drinking Water for Lead</p> <p>Description: Case studies from Colorado on testing school drinking water</p> <p>Date: May or June 2019; Date TBD</p> <p>Time: TBD</p>	<p>Title: Revised 3Ts</p> <p>Description: Description of changes to EPA's 3Ts document</p> <p>Date: September or October 2019; Date TBD</p> <p>Time: TBD</p>
