PURPOSE

The purpose of the School Administrators of Montana Youth Endowment Fund is to make a positive impact on the youth of Montana by providing financial assistance to benefit children's health, welfare, and/or education.

BACKGROUND

The School Administrators of Montana Board first discussed the endowment possibilities in January of 1998. At that time the Board felt it was important for SAM to be involved financially with a cause that affected the youth of Montana. The discussion led to the establishment of an endowment that would contribute to different charities making a positive impact on the youth of Montana.

In the Spring of 2001, the Board approved the SAM Youth Endowment Fund Guidelines for Assistance.

MANAGEMENT OF THE FUND

The endowment will be administered by the Montana Community Foundation. MCF is a public supported charitable foundation with a central office in Helena and regional support throughout the state. While MCF has been retained to manage the financial business related to the endowment, the School Administrators of Montana Board retains control of the endowment and contributions that are made to charitable organizations. The interest of the earning will be reinvested to support charitable gifts.

GIVING

For the endowment to be successful each SAM member will need to play an active role through ongoing financial support. School administrators have a history of being advocates for children in the State of Montana. The SAM Youth Endowment exemplifies this history.
