Hi everyone—

Just wanted to follow up with a late note of thanks. It's old news now that Sen. McConnell pulled the vote on the Graham-Cassidy proposal, and it's due do advocates in Montana and across the country speaking up and getting folks engaged. But we wanted to say thanks to you all for the calls, the letters, the education and the outreach to your members. It worked.

Thanks also to everyone who made it on Monday's call. Your time is precious and Jon appreciated every second of it.

Please keep up the good work and don't hesitate to be in touch. -AM
