

2018 METAtechED Spring Conference

March 19-21, 2018

Data Management & Security in Education

**Radisson Colonial Hotel
Helena, MT**

METAtechED Spring Conference

Monday, March 19

7:30 - 8:00 AM	Continental Breakfast & Registration	Foyer/Ballroom
8:00 - 8:10 AM	Welcome, Introductions & Program Overview <i>Tobin Novasio, President, MASS & Rich Lawrence, President, META</i>	Ballroom
8:10 - 9:10 AM	Lessons Learned & Best Practices When Faced with Cyber Attacks - "Dark Overlord" <i>Laurie Barron, Superintendent, Evergreen (moderator)</i> <i>Steve Bradshaw, Superintendent, Columbia Falls</i> <i>Heather Davis-Schmidt, Superintendent, Whitefish</i> <i>Matt Jensen, Superintendent, Bigfork</i> <i>Cal Ketchum, Superintendent, West Valley</i> <i>Rich Lawrence, Technology Director, Kalispell</i> <i>Nathan Mielke - Data Security Expert, CoSN</i>	Ballroom
9:10 - 9:20 AM	Break & Visit with Exhibitors	State/Capitol
9:20 - 10:20 AM	General Session - Data Security <i>Nathan Mielke</i>	Ballroom
<p>Cybersecurity is constantly moving. It is impossible for a pre-written description for a keynote to explain what we'll talk about during this time together. When's the next Spectre? What is the next Heartbleed? None of us know the answer to that until it smacks the world between the eyes. One of my friends loves to say - "Your data breach is coming, are you ready for it?" Does your school have a business continuity plan? Has your organization done a risk assessment? Are procedures in place to handle emergencies? Do you have discussions in your leadership team about IT governance? Data Security in Today's World will focus on what's going on right now and what are the basic things that all IT teams can do to put their organization in the best possible stance to defend itself from what's next.</p>		
10:20 - 10:35 AM	Trusted Learning Environment Collegial Learning Network (CLN) Update <i>Kirk Miller, SAM Executive Director & SAM LPLP TLE CLN Members:</i> <i>Tom Hering, Paul Kozlowitz, Luke Carr, Mark Branger & Sheila Chouinard</i>	Ballroom
<p>What is the TLE CLN? What has the TLE CLN done? How is this beneficial to Montana School Districts.</p>		
10:35 - 11:00 AM	Break & Visit with Exhibitors <i>Sponsored by: High Point Networks</i>	State/Capitol

11:30 - 11:45 AM	Closing Remarks & Discussion <i>Rich Lawrence & Brian Norwood</i> Thanks, Goodbye & Travel Safely	Executive Executive

A large, handwritten-style word "Goodbye" in black ink, slanted upwards from left to right, set against a light, textured background.

Opening Speaker -- Nathan Mielke, CoSN

Nathan Mielke has worked in educational technology in a variety of districts throughout Southeastern Wisconsin over the last 13 years. His experiences include K-12 libraries, desktop/network support, instructional technology coaching, assessment coordination and most recently as a technology director for a 1:1 union high school district with over 1400 students. Once upon a time as a technology coach he didn't want folks to worry about "that security stuff" in order to get tools into the hands of students and teachers. He has since learned the error of his ways.

META Membership Meeting 3-19-18

March 19, 2018

4:30 – 6:45 pm w/ dinner served at 5:45 pm

Radisson Hotel, Helena, MT

META President-Elect Candidates

Everett Holm – Technology Director for Browning Public Schools

Previous Major Professional Positions and Experience at the K-12 Level: *

- Certified Teacher, Technology Director K-12, 15+ years private industry

Office of Committee Membership Held in Local and State Professional Organizations: *

- META Regional Director

Years of Attendance and Program Participation at META State Level Meeting and META Regional Meetings: *

- 2 years Regional Director, 5-6 years attending Regional meetings

Examples of Leadership in Civic, Cultural, and Similar Organizations: *

- Various leadership positions 35+ years Boy Scouts at local and regional levels including executive boards, advisorships, etc.

Achievements/Areas of Interest within Current and Past School Districts:

- 1:1 iPad ConnectED grant implementation middle school,
- 1:1 Chromebook implementations K-12;
- Making teachers mobile,
- Rethinking instructional design - all the goodies behind the scenes to support the initiatives including networks, wifi, servers, professional development and more professional development.

Paul Kozlowitz—Lead PC/Network Technologist for Missoula County Public Schools

Previous Major Professional Positions and Experience at the K-12 Level: *

- PC Tech for Missoula County Public Schools with 2 years of experience at the K-12 level. Instructor for the Life Long Learning Center for the past 4 years.

Office of Committee Membership Held in Local and State Professional Organizations: *

- Sole state of Montana K-12 representative on the Montana Information Security Advisory Council (MT-ISAC).
- Chair of the Montana Information Security Project for META. I also just accepted the META Western Regional Directors position.

Years of Attendance and Program Participation at META State Level Meeting and META Regional Meetings: *

- 2 years of being a META member

Examples of Leadership in Civic, Cultural, and Similar Organizations: *

- Worked with individuals with disabilities for over 10 years and in that process developed a passion for serving my community.
- Worked with young leaders at the University of Montana to help them run and maintain both the Alliance for Disability and Students (ADSUM) and The Montana Public Interest Research Group MontPIRG.
 - Both groups share my drive to empower the next generation of civic leaders.
- Worked with past META President Russ Hendrickson - organized a group of like-minded Montana technology leaders to tackle the most important and relevant issues facing Montana schools.
 - The Montana Information Security Project continues its hard work today developing a step by step guide to securing student data privacy with CoSN's highly regarded Trusted Learning Environment program.

Achievements/Areas of Interest within Current and Past School Districts:

- Worked for Missoula County Public Schools for close to 2 years and in that time – elevated to Lead Technologist position.
- Utilized networking with other districts to solve important IT related issues.
- Love working with other passionate individuals to solve critical issues that face Montana students and schools working towards progressive outcomes - working with SAM, META, and CoSN has allowed the ability to network with some of the best technologist in the state of Montana and the Nation.
- Taught technology related classes at the MCPS's Life Long Learning Center for the past 4 years.
- Enhanced interpersonal interactions with a variety of technology users.
- Currently working on a Master's in Education for Instructional Design for Technology, putting me at the forefront of educational technology and related issues.
- If awarded the presidency, I would continue my commitment, knowledge, and dedication to building a community of technologist that work together to share and spread best practices across the state.
- Utilizing all the incredible resources at SAM, CoSN and technology leaders across the nation, I will devote my tenure to proving why META is a critical resource to every school district in Montana.

Todd Lark – Director of Technology Services and Implementation for Southwest Montana School Services

Previous Major Professional Positions and Experience at the K-12 Level: *

Current position, SWMSS, 2016 - present; 2014 - 2016, Director of IT, Laurel Public Schools; 2006 - 2014, Primary in the Field Technologist, Lewistown.

Office of Committee Membership Held in Local and State Professional Organizations: *

Advocacy Chair, META

Years of Attendance and Program Participation at META State Level Meeting and META Regional Meetings: *

- 6 years

Examples of Leadership in Civic, Cultural, and Similar Organizations: *

- Board Member, Big Brothers, Big Sisters of Yellowstone County;
- Head Soccer Coach of 12-14 Laurel Girls; Head soccer coach of Lewistown Bullets;
- Co-Founder of the Madison Aquifer Alliance Lewistown; I also
- donate time, energy and talent whenever and wherever I can!

Achievements/Areas of Interest within Current and Past School Districts:

- Traveled to more than 30 school districts across Montana doing everything from network architecture to GAFE implementation and professional development.
- Currently assist and support approximately 50 schools with their SIS and have developed a true Educational Service Agency Model for technology that is enjoyed by 4 school districts.
 - plan to expand this and am in the works to help other Regional Service Agencies accomplish this goal across the state.
- Ultimately interested in Student Achievement and utilizing technology to provide a landscape of opportunity for student success!
