To: Kirk Miller <samkm@sammt.org>

Hey Kirk,

Sincerest apologies for not getting this to you sooner, as I know you presented yesterday. Unfortunately, it took our datafolks a bit more effort/time to extrapolate thesedetails. Regardless, I wanted to share as much as I had.

**66%** of MT districts are meeting the goal

**31%** of MT students are meeting the goal

Of the 16 schools with expiring contracts in 2020, **2** signed a new contract that provided over 1 mbps per student.

**\$5,865,276.55** in e-rate funding was requested in MT

Thanks again for your support!
